BOREALIS

BEFORE
Natural Level 5
Light Brown

PRODUCT	FORMULA	SHADE	MIXING RATIO	
Permanent Color	A	5CV	1:1	20 vol
Permanent Color	B	6CV + 5CV (Equal Parts)	1:1	30 vol
Blonding Powder	C		1:2	20 vol
Demi-Permanent Color	D	7CG + 8G (Equal Parts)	1:2	6 vol

Step 1: Utilizing the "cross section," or four quadrants, apply Formula A to the new growth, to about 2 inches down the hair strand, feathering out.

Step 2: Apply Formula B beginning at line of demarcation through the mid-lengths. Rinse with Kadus Professional Color Vibrancy Shampoo and apply Post-Color Treatment. Process for 30 minutes. Rinse with Kadus Professional Shampoo and Conditioner. Blow dry smooth.

Step 3: Utilizing a Balayage/Ombre technique apply Formula C to in brick lay pattern starting from the nape and working up leaving out sections in between. Allow 2-3 levels of lift. Rinse with Kadus Professional Visible Repair Shampoo and apply Visible Repair In Salon Treatment. Towel dry.

Step 4: Apply Formula D all over. Process for 20 minutes. Rinse with Kadus Professional Color Vibrancy Shampoo and apply Post Color Treatment.

Long layers for movement and flowing curls are a great look to compliment this color.
